

## My life story

My name is KANTHAKRAN KALAWONG. My nickname is gun. I'm twenty one years old. I'm from Thailand. I live in Chonburi . I'm studying in the 3rd year faculty of Informatics major information technology Burapha university . I have brother and a sister . My family is not much wealthy. we are middle class.

When I was young . I had a dream as a programmer. But When junior high school . I don't good at learn my GPA 1.85. Because my dreams are not obvious. Same as standing in the middle of 4 crossroad . I know destinations but i don't know the path.

In thailand when you want to be a programmer you will have to take the exam to major science - math in senior high school . But i can not . i can only Art - math . That give me some lessons. I will try to my dream. In high school my GPA 3.08 and i can entrance exam faculty of Informatics major information technology Burapha university . That nice . In bachelor my GPA 3.50 in 3rd year and ever match ACM ROUND ASIA 2017. It makes me feel worthy of the effort.

All of this I do because I want to reward my parents. They worked hard for many years. they leave a dream and make money give me. I don't want to it . I do not want to see them troublesome.

### My principles quotes

"With good intention we can do anything,  
but if we cannot, it is because we have never done it."

I am applying for this sakura scholarship . I am confident that I will gain new knowledge and new experience to share this for my friend and Juniors . Thank you for scholarship and all professor.
